

Island Magic 2025

Your Year of

Magical Intent

TOBAGO

25 - 30 January

Your Invitation

Set your intentions for 2025 inspired by nature, the new moon, and a community of women claiming their best year yet!

FIRST FULL MOON OF 2025 ~ Pre-Island Activation

Before arriving on the island, you will be supported to explore your journey and desired transformation with a special online full moon event. The Full Moon will inspire your magical insight and invite you to dream BIG.

This will be our beginning...we will begin as we wish to continue.

Connected, aligned with magic, and open to possibilities for our year ahead.

FIRST NEW MOON OF 2025 ~ Island Immersion

Days before the New Moon, you will land on the island, and your magical immersion will begin. There will be time to connect with self, others, and with nature. You will take time to reflect on your 2025 BIG LIFE goals and allow the space and time needed for magical insight. **The island time will culminate in a New Moon circle by under the stars.**

FEBRUARY FULL MOON ~ Post-Island Activation

Beyond your time on the island, you will remain connected with your intentions and the support of the group. We will meet again at the Full Moon in February to embolden our dreams and intentions for your best year yet!

Reflection, action, and accountability will ensure your dream does not fade.

Your Hosts

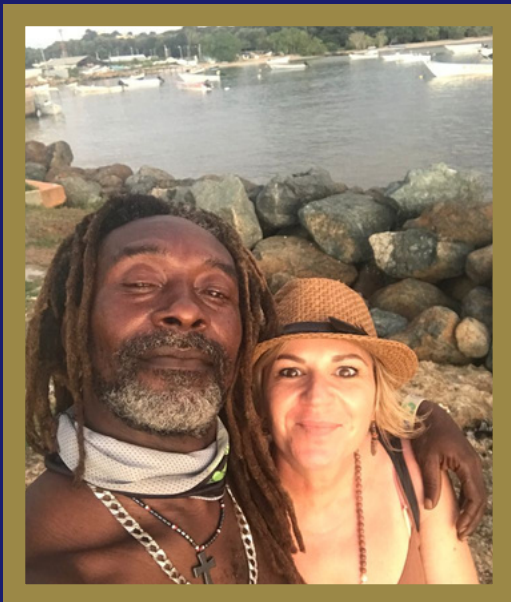

Deb D

The Witch + The Werewolf + Tobago

Deb D. Your Magic Guide.

I am a believer in big dreams. I have grown new wings and flown off the edge and into new beginnings more than once in this lifetime. As an expert in the transformation of big life loss to big life magic, and as a specialist in moon magic, intuition, and manifestation, I will guide you to dream big and believe it!. I will also delight in sharing my island home with you, a place that has healed me in many ways. Follow me to where the magic lives, breathes, and unfolds.

The Witch + The Werewolf + Tobago

Tobago is an island that has preserved its natural wonders. The coastline belongs to coconut palms, not concrete hotels. The people are generous and friendly. The waters are warm and inviting. The island is magic...healing energy lives here. The werewolf (Smokey!) has been an island guide for over 30 years, and he will be with us on our journey to share his love of the ocean and his island home.

Island Immersion

For 5 nights and 5 days, you will be in your own immersive cocoon of possibility.

The island journey will be gentle, welcoming, inspirational, and will awaken your senses.

Enjoy time alone and with the group of women.

Tap into your magic with daily activations and meditations led by Deb D.

Eat delicious tropical fruits, local cuisine, and meals made with love by local women.

Balance being active and adventurous with being still and reflective.

Highlights

Wake to the Caribbean vibe; the beaches, the sights and smells, the sound of birds. Five days of new horizons.

Be guided to the pristine beauty of the rainforest, and be inspired by the highpoint of magic; the place where the river meets the sea..

Let your dreams begin to stretch with a private boat tour of Nylon Pool + the Mangrove Lagoon.

Bask in the light of the stars in a New Moon circle by the sea.

Island Magic Love Note

“I would highly recommend visiting the witch and the werewolf, knowing you will be very well cared for!!

Besides the wonderful opportunity to visit the beautiful island of Tobago, you feel secure in the care of two people who “you can feel” know and love the island extremely well!

You are reminded to relax yourself, so you can make space to soak in all the good energy and feelings the island imparts.

I also enjoyed the beautiful beaches, experiencing quality and freshly-cooked food that was both healthy and delicious!!

I explored new ways of thinking, enjoyed meaningful conversations and made new friends with like-minded people.

I left feeling renewed and refreshed! I look forward to visiting again.”

ROSE. (fun fact! Rose is coming again in 2025!)

More Love Notes

“Magical does not even begin to describe the experience of having Deb and Smokey co-host a retreat.

I was able to gain a strong sense of the Tobago culture while at the same time diving into my own inner journey. The bonds that were created within the group were extremely powerful, and I feel like I am walking away with friends for life.

Starting my year with this experience infused me with hope, positivity, connection and reflection.”

TOSCA

”It was one of the best times I have had in over 10 years.

I will remember this trip with joy and an abundance of love until my human body leaves this earth, but I guarantee in spirit form I will remember the joy, growth and abundance of love I received while there.

Thank You Deb & Smokey.”
